

South Dakota Retirement System

SDRS Mission and Vision

September 2021

Mission and Vision Defined

- Mission-The role of SDRS
- Vision-What SDRS wants to be

SDRS Mission

Current

To plan, implement, manage and efficiently administer financially sustainable retirement income programs within the fixed resources available in accordance with fiduciary responsibilities and sound public policies.

Proposed

To responsibly manage a sustainable system within fixed resources and prepare our members for retirement.

SDRS Vision

Current

Provide members and their families the opportunity to achieve financial security at retirement, death, or disability by delivering appropriate and equitable lifetime benefits, and promote, encourage, and facilitate additional member savings for retirement.

Proposed

To be a model retirement system that:

- Is fully funded
- Delivers benefits that meet our long-term benefit goals
- Enables our members to achieve financial security during retirement
